There is no need to dwell on the group ABBA in this listing. There's an abundance of resources available on line celebrating the wholesome Swedes.

Ian Cole runs an extremely detailed and extensive fan site at the ABBA Omnibus, here.

There's also the official ABBA web site here, where it's even possible to buy a copy of the ABBA version of the game of Monopoly.

The Official International ABBA fan club is based in the Netherlands and available online here.
There's also the ABBA museum online here (available in English and Swedish).

There's also an ABBA timeline available here.

The group's wiki is also detailed, with plenty of additional links, here.

The result is that it's possible to get lost in ABBA mania for years.
